Dear Mr. Baloche,

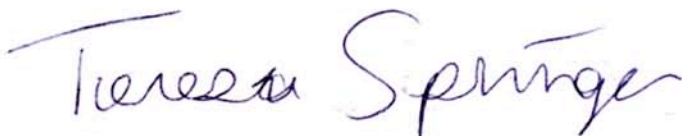

My daughter ordered your Modern Worship Series, and I just wanted to write and tell you how great it is.

My husband leads worship in our church, and my five oldest children play piano, keyboard, guitar, bass and drums on the worship team. Just the week before, my daughter said to me, "All the parts sound good, but when we play together something is missing".

After watching Worship band Workshop, We knew what it was. There was an immediate improvement in our playing together as a group. The one on music styles really helped spark our creativity, the guitar DVDs were really comprehensive, the music theory was easy to understand, and my husband was in agreement with your creating flow.

Our entire family is looking forward to the next release in the modern worship series.

Sincerely
